

Zebrafish

By Fablevision

Atheneum Books for Young Readers, United Kingdom, 2013. Paperback. Book Condition: New. Peter H Reynolds (illustrator). 213 x 152 mm. Language: English . Brand New Book. Making the world a better place totally rocks! Meet Zebrafish, a garage band with a lofty goal. Zebrafish is not exactly your typical garage band especially because only one member can play an instrument! But that doesn't mean that Vita, Tanya, Walt, Plinko, and Jay aren't dreaming big or at least stumbling towards a modest success. With a little creativity and out-the-box thinking (and some high-level computer tinkering) this garage band is going virtual and they're learning that schoolyard fame is a great way to bring in awareness (and donations) for an important cause. This fully illustrated, highly visual novel is a multimedia project complete with webisodes and online components like games and websites. It's being supported and publicized by Children's Hospital of Boston and shows kids that they can make a positive impact on their world by finding a cause they believe in and giving charity work their own personal spin.
