What do a Dutch university lecturer, a US Marine, a Scottish artist, and an English engineer have in common? They have all experienced the transformative power of home birth, and their stories - and many others - are told in this groundbreaking book. As hospital-based maternity services become increasingly medicalised, more and more parents are deciding that birth belongs in the home. For many women, this choice may be an easy one, but for their partners, home birth raises some serious questions. For the first time, The Father s Home Birth Handbook provides a resource aimed specifically at exploring men s hopes and fears around home birth.
