This book is about ordinary people like you and me, discussing ordinary things that may happen during the course of our ordinary lives. I try to make these ordinary things interesting by adding humors and characters; to make them educational by engaging in-depth arguments from different perspectives; and to make them purposeful by stimulating our minds with new ideas and unconventional wisdoms. Most of us are followers; we re not born a sheep but trained like one, and we re very comfortable being in the position of following. You don t need to look far to observe the herd mentality; the evidence is everywhere, from fashion to behavior and from thinking to morality. People just copy from each other regardless good or bad. The problem with this kind of behavior is that we re susceptible to manipulations, by advertisements, politicians, and many other elements. I hope my book will change all these. With its original ideas and unrestrained energy, it might turn us from sheep back to human again - to have the ability to think, reason, and create. And most important of all: to have the freedom to be ourselves again.
