

Accounting for the Environment (Paperback)

By Robert H. Gray, Jan Bebbington

SAGE Publications Inc, United States, 2002. Paperback. Condition: New. 2nd Revised edition. Language: English . Brand New Book. ` This book is a good comprehensive text and comes highly recommended to anyone currently involved in, looking to get involved in, or just interested in environmental management, environmental accounting and reporting - Pacific Accounting Review This is the long-awaited 2nd edition of the benchmark publication that helped shape the developing agenda of environmental accounting. This excellent new edition provides an overview of the subject ranging from environmental management to sustainability, and integrates the major advancements that have occurred since the first edition - in both research and practice. It introduces and explains environmental issues as they relate to accountants today. This new work also places an increased emphasis on the emerging research literature in the field and reveals a consciousness of the difficulties of developing an environmental agenda in business. It makes an excellent stand-alone text for lower level students, a firm base from which the advanced student or researcher can explore research and more complex issues, and a useful guide for practitioners seeking to understand and implement environmental practice.

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- Prof. Arlie Bogan

It is a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
