

## Industrial Relations: Theory and Practice (3rd Revised edition)

Filesize: 6.58 MB

### **Reviews**

*A must buy book if you need to adding benefit. I have read through and i also am certain that i will likely to read through once again yet again in the future. Its been designed in an exceedingly simple way and is particularly merely after i finished reading this publication by which really modified me, modify the way i think.*

*(Mrs. Jacquelyn Gutmann)*

## INDUSTRIAL RELATIONS: THEORY AND PRACTICE (3RD REVISED EDITION)

John Wiley and Sons Ltd. Paperback. Book Condition: new. BRAND NEW, Industrial Relations: Theory and Practice (3rd Revised edition), Trevor Colling, Mike Terry, This revised edition of Industrial Relations: Theory and Practice follows the approach established successfully in preceding volumes edited by Paul Edwards. The focus is on Britain after a decade of public policy which has once again altered the terrain on which employment relations develop. Government has attempted to balance flexibility with fairness, preserving light-touch regulation whilst introducing rights to minimum wages and to employee representation in the workplace. Yet this is an open economy, conditioned significantly by developing patterns of international trade and by European Union policy initiatives. This interaction of domestic and cross-national influences in analysis of changes in employment relations runs throughout the volume. The structure has been amended slightly. Britain is placed straight away in comparative perspective before attention focuses explicitly on employment relations actors, contexts, processes, and outcomes. Each of the chapters is written by authorities in the field and provides up to date analysis and commentary. A spine of chapters from the preceding volume have been revised and extensively updated and new chapters have been added to refine coverage of issues such as the private sector and developing legal institutions. Overall, a picture emerges of an economy that is in incremental and contested transition. The imperatives of 'globalization' now infuse governance mechanisms that were once responsive principally to domestic agenda and employment standards are set now by the state that once were established through collective bargaining. It is this fragile and emerging model that will be tested significantly through sustained political and economic change. "Completely revised, the latest edition of Industrial Relations provides an invaluable guide to the actors, contexts, processes and significant outcomes within British employment relations. Based on a thorough...
