

Mysteries of the Mall: And Other Essays (Hardback)

Filesize: 4.86 MB

Reviews

*A fresh eBook with an all new standpoint. It is actually written in simple words and phrases instead of difficult to understand. You won't sense monotony at any moment of your own time (that's what catalogs are for relating to if you question me).

Farrar, Straus and Giroux, 2015. Hardback. Condition: New. Language: English . Brand New Book. A deep exploration of modern life that examines our cities, public places, and homes In *Mysteries of the Mall*, Witold Rybczynski, the author of *How Architecture Works*, casts a seasoned critical eye on the modern scene. His subject is nothing less than the broad setting of our metropolitan world. In thirty-four discerning essays, Rybczynski ranges over topics as varied as shopping malls, Central Park, the Opera Bastille, and America's shrinking cities. Along the way, he examines our post-9/11 obsession with security, the revival of the big-city library, the rise of college towns, our fascination with vacation homes, and Disney's planned community of Celebration. By looking at contemporary architects as diverse as Frank Gehry, Moshe Safdie, and Bing Thom, revisiting old masters such as Palladio, Le Corbusier, and Frank Lloyd Wright, and considering such unsung innovators as Stanley H. Durwood, the inventor of the cineplex, Rybczynski ponders the role of global metropolises in an age of tourism and reflects on what kinds of places attract us in the modern city. *Mysteries of the Mall* is required reading for anyone curious about the contemporary world and how it came to be the way it is.
