ZETA BOLSILLO, 2010. Condition: Nuevo. En esta interesante y esclarecedora historia de la masonería, Jasper Ridley se remonta a la Edad Media y a las corporaciones de los constructores de catedrales, quienes, celosos de guardar el secreto de la edificación de tales monumentos, se reunían en logias donde los maestros albañiles (en francés maçons) discutían sus métodos de trabajo. Ridley evoca la formación de la Gran Logia londinense, cuando la llamada «masonería especulativa» redacta el reglamento de la asociación y define el proceso de elección del Gran Maestro; describe el papel que desempeñó la masonería en la Revolución francesa y en la formación de Estados Unidos, y traza su expansión por Rusia y América Latina hasta nuestros días. Una obra amena y bien documentada que arroja nueva luz sobre esta fascinante hermandad.
