Russell Sage Foundation, United States, 2009. Paperback. Book Condition: New. 234 x 166 mm. Language: English . Brand New Book. Part II assesses the ways childhood poverty influences adult outcomes. Markus Jantti finds that poor American children are more likely to be poor adults than are children in many other industrialized countries. Part III focuses on current antipoverty policies and possible alternatives. Jane Waldfogel demonstrates that policies in other countries such as sick leave, subsidized child care, and schedule flexibility help low-wage parents better balance work and family responsibilities. Part IV considers how rethinking and redefining poverty might take...
