

365 Reasons to Look on the Bright Side: Because every cloud has a silver lining (Hardback)

By Richard Happer

PAVILION BOOKS, United Kingdom, 2012. Hardback. Condition: New. Language: English . Brand New Book. 365 Reasons to Look on the Bright Side is full to the brim with good fortune arisen out of the flames of history s biggest and smallest errors, blunders and miscalculations - one for every day of the year, on the day it happened. This brilliantly quirky book demonstrates that while the old adage of `Everyone makes mistakes may be true, some gaffes are so monumental that they can end up improving life for everyone else (if not for themselves!). 365 Reasons to Look on the Bright Side has many magical moments of looking on the bright side of history s most hopeless moments. Here a few to whet your whistle: Thanking Atilla the Hun for creating Venice, crediting Alexander Graham Bell s mum s deafness for inventing the telephone, praising Pope Clement VIII for blessing coffee, realizing that without the bubonic plague Newton may never had invented calculus and believing how one particularly big-boobed woman helped invent the stethoscope. Word count: 35,000.
