EDINBURGH UNIVERSITY PRESS, United Kingdom, 2016. Paperback. Condition: New. Language: English . Brand New Book. James Williams sets out a new process philosophy of signs where signs are processes, not fixed relations. He develops his argument through a formal model and a series of case studies in art, science, technology, politics and nature. He engages in dialogue with the philosophies of Deleuze and Whitehead, and in critical discussion with contemporary and historical theories of the sign.
