Balboa Press, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. I know that you may read this and think that a forty-something-year-old woman had more important things to do. But I am telling you, when you connect with someone not from this material world that has told you information only you could know, you would also be compelled to learn more. The fact that she revealed the 1,2,3,4, simply cemented my belief. No one had known this. It was a trifling thing that I had just been noticing for a while. She was giving me the password-the one thing that would cinch it for me. Now, I had many questions to ask. Debra led her life as most of us do. She worked, raised her children, and had a social circle of friends with her husband. She didn't do a lot of questioning about the meaning of her life until simultaneous events triggered her to think about love and loss, her purpose, and the afterlife. She takes us on her journey of discovery with experiences from her past, unreal experiences in the present, and the advent of her daughter's psychic talent. Could expanding our beliefs of spirituality and possibility lead us to experience true love from the other side? Is there more than one realm of existence living cohesively? She found many answers, along with many more questions. She now believes we are never alone. This non-fictional account involves the paranormal, the growth of her daughter as a medium, and the encompassing love of those around us we know-and some we don't know. Take heart and join her journey; there is much more to this life than what we see with our eyes.
