

The Victory of Humanism: The Psychology of Humanist Art, Modernism, and Race

Filesize: 7.79 MB

Reviews

Merely no words and phrases to describe. I really could comprehend almost everything using this created e.pdf. Your daily life period will be change once you full reading this ebook.

(Mr. Ladarius Stoltenberg)

THE VICTORY OF HUMANISM: THE PSYCHOLOGY OF HUMANIST ART, MODERNISM, AND RACE

Backintyme, United States, 2013. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.The Inversion of Western Aesthetic Sensibility Our experience of race is based on how we define beauty. In the past, we thought that discipline was liberating and beautiful, while raw nature was confining and ugly. Today we believe that raw nature is liberating and beautiful, and discipline is confining and ugly. And for better or worse, modernists see African Americans as somehow non-Western, more natural, or a kind of moral avant-garde. This volume surveys the arts and politics to illustrate the change in our idea of the beautiful. There is much to admire in this work. -- Kevin MacDonald, Ph.D. Professor of Psychology, California State University, and author of *The Culture of Critique*. This work illustrates with many telling examples the inversion of values wrought by modernist egalitarianism. -- Stanley Payne, Ph.D., Professor of History, Emeritus, University of Wisconsin, Madison, author of *Civil War in Europe, 1905-1949* (Cambridge University Press, 2012). For the select few who appreciate a masterful weaving of history, philosophy and the arts (from grand opera to the movies) the book is a tour de force. Reading it is like a return to college. For those concerned about the state of modern life, it is a must read. -- Robert Weissberg, Professor of Political Science, New York University. Modern sleep and dream science teaches us, as does *The Victory of Humanism* that all human activity, including art and politics are products of the human brain and that each of us has the privilege and responsibility of using it actively and communicating its creations. -- Dr. J. Allan Hobson, Professor of Psychiatry, Emeritus, Harvard Medical School, author of *Dreaming: An Introduction to the Science of Sleep...*
