Circle Publishing, United States, 1997. Paperback. Book Condition: New. 211 x 140 mm. Language: English . Brand New Book. The modern spiritual teaching and path, A Course in Miracles, contains hundreds of reference to the Bible, and both the New Testament and the Course claim to present Jesus teachings. There is an obvious and important relationship between the Course and the Bible, and how the two relate is a natural question. Seeing the Bible Differently answers the question. Drawing on the Course s attitude toward the Bible, this book recognizes both the many similarities between the two and also the significant differences. Watson presents a picture, emphasizing the continuity of God s message in the two books, while seeing the Course as a later, clearer presentation of truth, superceding the Bible in some ways while standing clearly in its lineage. The idea of progressive revelation that Watson presents will help the reader evaluate the teachings of the Bible, enrich their understanding of the Course with knowledge of the Bible, and integrate the truths they find in the Bible into their understanding of the Course.
