The main content of the international climate negotiations. Introduction: Climate change is all of humanity in the 21st century facing significant challenges. mitigate and adapt to climate change depends on the collective action of the international community. As the platform of the international climate agreement negotiations. the United Nations Framework on Climate Change Conference of the Parties to the Convention has been convened 16 times. Government representatives on the emission reduction obligations. financial assistance and technology transfer. and other core issues of intensive consultations. but difficult to balance the interests of all parties. the negotiating position of a big gap between the international climate control agreements have been unable to reach. Logic of collective action to redesign the system to determine the selective incentives is undoubtedly the key to breaking the impasse in the negotiations. China as the largest developing countries. constructive attitude to participate in international climate negotiations. both the maintenance of international justice. but also to win a major opportunity for sustainable development. need to take the right negotiation strategies and flexible negotiating position.Four Satisfaction guaranteed,or money back.
