Dog Ear Publishing, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Honesty as a way to become wealthy? Sounds too simple, and a bit naive. There are a lot of good people who are poor, you might suggest. Yes, that is true. Honesty alone will not ensure financial success. But strategic honesty will. It is no secret that many are facing poverty for the first time in their lives. The desperation of financial distress can leave people feeling powerless and angry. Job opportunities have shrunk, savings have gone up in digital smoke, and talk about the shrinking middle class is on the nightly news. Gopu Shrestha's three step method offers those struggling financially a way to turn their strength of character into a money-making tool. Everyone has access to integrity--rich and poor alike. Based on his personal journey from dire poverty to wealth, Shrestha shows how to achieve the financial success you deserve and the peace of mind you desire. Gopu and I have successfully accomplished extremely difficult tasks, tasks no one else had been able to resolve. His honesty and dedication are such that I believe he deserves to achieve his ambitious dreams. I have learned much from him. We used to remind each other, High ambition can make one happy and successful, or frustrated, depending on how one curves himself and shapes his ambition. - Mahesh P Pradhan Omnica Laboratories P Ltd.
