Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

Japanese American s were not the only Americans in internment camps? The United States did not start in 1776? One Confederate state had tried to join the Union? The world was saved by a Soviet Colonel? The United States invaded Canada? Hitler protected two Jewish men? Nazi s loved Coca Cola? The Japanese did attack the U.S. mainland? Find out more about these and other fascinating bits of history in True History and the Lies We Were Told Volume 3: Military and Government is now available. Volume 2: Culture and Society is coming soon. Volume 1: Science and Technology is coming soon. If you are a fan of history, you will love this book. The stories it contains are fascinating but somehow do not make it into the traditional classroom. Without this book, many of these stories would remain buried and our true history would be lost forever. From the days of slavery through to today, things are not the way we have learned. If you are a conspiracy theorist, you will also love this book. While all the stories are true and provable, many will have the intrigue and excitement of the best conspiracy theories. There are many reasons why history is lost, forgotten, or buried. Often the political nature of contemporary events requires a less than truthful narrative in order to meet the political demands of each particular time era. The narrative is passed on long enough that it is accepted as the fact. Digging a little deeper, though, will expose the real truth. Some stories are so sensitive that the government withholds the official documentation of the history. Much of this information is released later,...
