Page Publishing, Inc., United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This book is dedicated to the subject of the miracles contained in the Quran, also referred to as signs or portents. Each prophet of the three Abrahamic faiths was empowered with signs to facilitate his mission and these are well documented in scriptures. With the passage of time many faded away from memory and many people came to doubt their existence, but not so with the Quran. It remains as pure and eternal as God decreed it to be when it was revealed upon the Prophet Muhammad. The author's intention in this book was to select stories from the Quran, some randomly, that cover a wide range of disciplines such as cosmology, physics, history, embryology and others and present them within the framework of the prevailing knowledge at the time. Discerning readers will hopefully find such presentations not only interesting and easy to follow but also leave no doubt in their minds that the Quran is the Word of God and that it could not have been created by humans. The author's ultimate objective is to link the Islamic faith to the other Abrahamic religions in an effort to convey the message that it is God's intent that we establish peace and justice universally and attain compassion among humankind en toto.
