AUTHORHOUSE, United States, 2004. Paperback. Condition: New. Special.. Language: English . Brand New Book ***** Print on Demand *****.Unlike Hollywood, this is the reality of a family s life in an endless, diabolical nightmare. A fifteen year battle with the state, county, a corrupt, inadequate lawyer and, at best, an extremely questionable Judge. Corruption on every corner and every piece of paper, from letters to legal Court documents being forged! The State Bar of Texas doesn t function any better than the Courts or the judicial system. From personal experience, the State Bar exists to cover their fellow lawyers. No accountability or responsibility for undeniable evidence. Apparently, we took to long for the discovery. Resulting in a 20 year sentence for sending a Birthday card! Mix in the inept Departments and employees of Human Services with CPS and you have a recipe for disaster! A catastrophe, largely due to our government s haste to protect the children, instead, creating a monster, run amuck. False accusations have become a national epidemic, with the highest sentencing rate. Requiring an unhappy, unstable woman wanting a divorce, food stamps, grants and such, paid for by, the taxpayers! My goal is to expose the massive corruption consuming Texas, the huge enterprise of the State Prisons and the miserable failures of a broken system.
