Reid Vanderburgh, 2016. Paperback. Condition: New. Second Edition, Revised with S ed.. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The current LGBTQIAA acronym has been growing in length and complexity since the early days of the gay and lesbian civil rights movement. Each letter of the acronym reflects the addition of a group who felt marginalized and left out, not fitting into the communities described by the existing letters. The addition of new boxes, however, has created increasing confusion and sometimes feelings of separation from each other. In this book, Vanderburgh has explained each letter from an insider perspective while also providing historical context explaining how we got from there to here. As a queer transman who transitioned out of lesbian community and now participates in gay male community while married to a genderqueer woman, Vanderburgh is in an excellent position to explain the many letters to each other. In addition, his work as a therapist allowed him deep insight into the various letters that don't reflect part of his identity. At 61, Vanderburgh came of age in the San Francisco lesbian community of the early 1970s. Personal stories are the best way to convey the experience of identity, and Journeys of Transformation contains 18 such stories: The Twentieth Generation: Joe and Vince transitioned in the 1950s. The Next Generation: Dana, now 26, transitioned in high school. I'm One, Too: Mary is a lesbian who experiences the fall-out when she falls in love with a man. That Wasn't It After All: Lesley realizes she made the wrong decision in becoming David. The Inherited Relationship: Belinda realizes she inherited her relationships from her former male self Barry. I Believe in Miracles: Audrey lives as a bi-gendered person internally, remaining a man to preserve her marriage....
