

Red Book: Report of the Committee on Infectious Diseases: 2015 (30th Revised edition)

By American Academy of Pediatrics, David W. Kimberlin, Michael T. Brady, Mary Anne Jackson, Sarah S. Long

American Academy of Pediatrics. Paperback. Condition: new. BRAND NEW, Red Book: Report of the Committee on Infectious Diseases: 2015 (30th Revised edition), American Academy of Pediatrics, David W. Kimberlin, Michael T. Brady, Mary Anne Jackson, Sarah S. Long, Each successive edition of this incomparable one-stop guide to preventing, controlling, and managing infectious diseases in children has set new standards of quality, authority, and value. "Few books of its size contain material that has as wide a readership and as faithful a following." Like its distinguished predecessors, the 30th edition is custom-built for efficient patient problem solving. At its heart are expert recommendations on the clinical manifestations, etiology, epidemiology, diagnosis, and treatment of more than 200 different diseases. Created by the AAP Committee on Infectious Diseases and reviewed by the CDC and FDA--with contributions from hundreds of expert physicians--it is the clinical tool you will consult often and with complete confidence. The new edition has been thoroughly revised and updated to help you stay in step with the latest developments and recommendations. Red Book 2015 Product Highlights: All chapters and sections have been updated Key developments in combination vaccines 2015 AAP standards for child and adolescent immunization practices Important findings on...

Reviews

This publication can be really worth a go through, and a lot better than other. It is actually written in straightforward words and phrases instead of confusing. I discovered this pdf from my dad and I suggested this publication to learn.

-- Jackeline Rippin

A high quality book and also the font employed was intriguing to read. I was able to comprehend every thing out of this created e book. You won't really feel monotony at whenever you want of the time (that's what catalogues are for concerning should you check with me).

-- Prof. Johnson Cole Sr.
