Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Grooming is Love in Action. Nature has provided a way for us to show our dogs in a very clear and obvious way that we care about them. We are telling them that we love them in a way that they will clearly understand. By brushing them regularly, and keeping their skin feeling good, we are repaying them for all that they do for us. We must work with Mother Nature, and Nature requires our time and effort. My intention for writing this book is to simplify the grooming process into 4 simple steps that will be easy to understand. The steps that I will explain in this book will be easy to understand, but it will take time and effort to apply the knowledge. Knowing is not enough, you must apply; willing is not enough, you must do Bruce Lee. My dream is to create awareness on the importance of properly grooming our dogs. Rather than think, My dog smells, I should wash him, we can instead think to ourselves, My dog smells, I have to brush him.
