## TORMENTS OF THE GRAVES VOL. 1: THE BEGINNING (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This is a fictional work. Though it is intended to entertain it can be used to enlighten readers all over the world of the possibility of judgement, punishment, suffering, torment, desires of intervention, should one choose to live life outside the laws established by the Creator of all that exist. Torments of the Graves vol. 1, is a refreshment course on ethics, so to speak and the information given within its pages will lead you not only on a journey to events and real life situations, decisions and traumatic experiences, but it will lead you to make a decisive decision on how you will live your life, and/or make the necessary adjustments to live better avoiding penalties described in this magnificent read. Again, it is intended to entertain the reader. Thus I must add that the work was indeed intended for that purpose, yet! The one to reap the benefit from it is the one that enjoys being entertained in an area they themselves are swift to avoid. i will suggest that you, the reader, get all you can from the insight of what this author has envisioned, and adjust your thoughts leaving room to consider the possibility of what he has to described within. It may actually prepare you mentally, (if not only raise the hair down your spine) to make decisions beneficial to your existence in this life and the next. It is truly a great read, and is knowledge based. I look forward to your comments regarding this work. You can reach out to me at:
