

Educational Psychology

By Paul Eggen

Pearson Education, 2012. Softcover. Condition: Neu. Neu Schnelle Lieferung, Kartonverpackung. Abzugsfähige Rechnung. Bei Mehrfachbestellung werden die Versandkosten anteilig erstattet. - Educational Psychology: Windows on Classrooms, Ninth Edition, will help you increase student learning and development. It is the most applied book in the field. If you're looking for a book that gives you a sound theoretical and research-based foundation and then provides specific and concrete illustrations and guidelines for applying this theory and research with your students, this is the book for you. The book uses an integrated-case approach. Each chapter begins with a case study taken from actual classroom practice. But, instead of stopping there, Eggen and Kauchak then weave the case throughout each chapter-extracting specific illustrations from it, and in some instances even taking dialogue from the lesson-to illustrate classroom applications of sometimes abstract and hard to understand theory and research. 549 pp. Englisch.

Reviews

This publication may be really worth a go through, and a lot better than other. It really is written in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be playful, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.
