

Zoo-A-Logical Math: A Mathematical Challenge Between Humans and the Rest of the Animal World (Paperback)

By Thomas Kearney

Dog Ear Publishing, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The work for this book began with a course I created and taught called Animal Behavior. I always knew that there was a strong magnetic bond between people and animals, but it wasn't until I began working on my curriculum that I truly found out how strong this bond really was. Millions of people, young and old, will visit zoos and aquariums each year. People stand in front of the animals, hypnotized by the every movement of the animal. People seemed to be looking not just at the animal, but almost as if they were looking inside these animals, wondering and questioning about the lives of some of our most distant animal relatives. In my classroom, I found the exact same kinds of responses. The discussions and questions of my students motivated me to share with you the lives and abilities of some of the most amazing living creatures in the world. People realize that humans are also animals, but the belief that we have superior intelligence and problem solving abilities makes us think we are far superior to all...
