Createspace, United States, 2011. Paperback. Book Condition: New. 278 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Life is uncertain, people who are involved in survival situations, disasters and accidents are often unprepared both in knowledge and supplies. This book is intended to give you grounding in medical care and encourage you to prepare supplies suitable to your level of knowledge and likely situations you may encounter. Chris Breen is a Registered Nurse who served with the RAMC, a Paramedic and Clinical Tutor with additional qualifications in Trauma and Remote Medicine. He has had a long term interest in Survival medicine and is the Medical Advisor for a Preparedness group and runs courses in Survival Medicine. Craig Ellis is a Medical doctor who trained as a Specialist Emergency Physician. He has a special interest in austere medicine and medical practice during prolonged disasters. He has both worked and taught austere medical practice. The aim of this work is to provide the lay person with the knowledge and skills to deal with a variety of medical conditions and traumatic injuries usually dealt with by Health Care Professionals. Equipment, medical supplies and initial first aid treatment is covered, if the injury or illness would benefit from more advanced measures then these are detailed as well as any skills needed to carry them out. We will also look at aftercare and the limitations of care without the benefit of a modern health service. Scenarios where this could apply is in a Survival situation, where the time normally taken to be rescued may be delayed or when involved in major disaster where normal health services are unable to cope or have ceased to function. Contents INTRODUCTION CHAPTER 1 EXAMINATION OF PATIENTS CHAPTER 2 ENVIRONMENTAL PROBLEMS CHAPTER 3 BITES AND...
