

Training the Senses and the Childs Memory

Filesize: 4.12 MB

Reviews

This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 48 pages. Original publisher: Emmitsburg, Md. : Federal Emergency Management Agency, U. S. Fire Administration, 1998 OCLC Number: (OCoLC)71662202 Subject: Shopping centers -- Fires and fire prevention -- Pennsylvania -- Altoona. Excerpt: . . . USFA-TR-085 December 1994 5 of the G. C. Murphy store was constructed of 8-inch HCB which was continuous from the concrete floor to the bottom of an unprotected steel beam that supported the roof. This wall, combined with fire department support, stopped the fires spread into the adjacent store. In the Center Section, south of the G. C. Murphy Store, the separation walls between stores that helped stop the fires east-ward travel had been removed by the cleanup operation. The separation walls at the south and west extremes of fire travel in the Center Section were constructed of a combination of HCB and brick. See the analysis of fire spread for additional information about these walls. The separation between stores and the common covered mall also varied throughout the East and Center Sections. It was not possible to identify all separation construction in the Center Section due to the destruction and cleanup operation. However, the G. C. Murphy store did have an open security grill and glass display windows with minor amounts of gypsum wall board over metal studs facing into the common covered mall. Some of the stores used sliding glass door or swinging doors in place of open security grills on their entrances. The heat and smoke damage in stores with doors was less than in stores that used open grills. Above the mall ceiling, the separations generally consisted of gypsum board attached to wood or metal studs. In most instances, both sides of the studs were covered with gypsum board;...
