Georgia Business Internet Solutions, Inc., 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Philip Kingsley was born privileged. He was intelligent and charismatic. He could have led a life of luxury but he saw the coming crisis and wanted to save us from ourselves. Do you know what s over the horizon? The future is tomorrow. A crisis is coming and we have no plan. We have no leader. Technology is swift and thorough, leaving chaos in its wake. Robots are taking our jobs. They are making our products, crunching our numbers, driving our trucks, flipping our burgers. A time of revolution is coming. A technological revolution, an economic revolution, a robotic revolution, an employment revolution. A bloody revolution if we aren t careful. The time of the employment singularity is beginning and what we do next determines if we thrive or die. People without work are dried out kindling stacking up on the floor of the forest of capitalism. Technological breakthroughs strike like lightning and the mighty winds of change are swirling through the world. We are but campers hoping for rain. Who will lead us to make the right decisions. Can we hope for the right outcome? One man will rise up to try and save the world but humanity s greed and corruption stand between Armageddon and Utopia. The future is bleak and the odds are long but Philip Kingsley is determined, charismatic, intelligent, charming, rich, flawed, and with all the right connections. Is he mankind s last hope or is he a pawn being used to slap chains on the unsuspecting masses? Is he a savior or a tyrant? --Will capitalism be replaced? --Are there other economic models for when our system breaks? --What will we do for work?...
