Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Medicine has made extraordinary strides in providing treatments and care for every almost aspect of our health. But the trend to offer a prescription for every possible medical condition has grown to the point where some drugs are becoming ineffective as the targeted bugs develop resistance to the treatment. It s been widely reported that we ve become too reliant on pharmaceuticals and that we don t take enough care of ourselves to prevent diseases from taking hold in the first place. When we consider that more people die in the United States from the effects of their prescription medication than die from gunshot wounds, this must be a wake-up call to re-assess our over-reliance on drugs. But there is an older tradition of medicine that relied on the curative powers of herbs to heal and prevent disease. This more natural approach to healing was largely eclipsed with the appearance of penicillin, undoubtedly a wonder drug that has saved millions of lives, but a drug whose successors often struggle unsuccessfully in the combat against infections. Perhaps that s why there has been a very serious revival of interest in medical circles in the healing properties of plants. Their reputation for healing, curing and preventing disease was based on hundreds of years of experimentation, trial and testing and their properties as healing agents can now be applied safely and effectively by anyone today who seeks to treat their bodies as naturally as possible. Amongst a wealth of information, this comprehensive box set of herbal cures and applications will show you how to: -Relieve common symptoms of colds and flu -Boost and enhance your immune system to resist bugs and infections -Clear up skin...
