Createspace Independent Publishing Platform, United States, 2011. Paperback. Book Condition: New. Large Print. 252 x 200 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This math workbook from the Dr. Pi Squared Math Workbooks series focuses on multi-digit long division. The first five chapters do not include remainders, while the last five chapters do include remainders. There is ample workspace for students to write large answers and still fit their solutions comfortably into the space provided. The problems appear in a large font size, since students usually write larger than standard textbook fonts. High-quality, durable, bright paper is used (instead of standard workbook paper, which often tears easily and appears dull in color). Each section begins with a large, fully-solved example to illustrate the technique and to serve as a useful guide. Answers are nicely organized by page number in the back of the book to allow students, parents, or teachers to quickly check the answers. An aesthetic, full-color multiplication table is conveniently located on the back cover for easy reference. CONTENTS: (1) Two Digits Divided by One Digit (No Remainders), (2) Three Digits Divided by One Digit (No Remainders), (3) Four Digits Divided by One Digit (No Remainders), (4) Three Digits Divided by Two Digits (No Remainders), (5) Four Digits Divided by Two Digits (No Remainders), (6) Two Digits Divided by One Digit (With Remainders), (7) Three Digits Divided by One Digit (With Remainders), (8) Four Digits Divided by One Digit (With Remainders), (9) Three Digits Divided by Two Digits (With Remainders), (10) Four Digits Divided by Two Digits (With Remainders).
