Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This exposition is a series of six essays on controversial subjects as analyzed and expounded upon by heathen writer Garman Lord, with answers to all the common puzzles guaranteed to win the applause of some and infuriate others. Lord tackles, in quick succession in this very brief book, I: The old gods were real, the new gods are not; II: A demonstration of the reality of psychism and witchcraft, III: The impossibility of Hell, Jesus Christ and Christianity, IV: Proofs of the nonexistence of God, V: The impossibility of computers and Artificial Intelligence taking over the Earth, and finally, the big one; VI: Solving the mystery of womanhood! In many of these essays, the approach is lighthearted, but the ideas expressed are dead serious, often framed in logical syllogism and buttressed as necessary by established scholarly research and historical fact. A very short book chock full of ideas worth thinking about long and long!.
