INTO BROWN BEAR COUNTRY (PAPERBACK)

[DOWNLOAD PDF](#)

University of Alaska Press, 2005. Paperback. Condition: New. Language: English . Brand New Book. Bears are North America s most complex and controversial predator, both loved and hated for their majesty and power. Will Troyer s introduction to the natural history of Alaska s brown bears is both enchanting and informative, told with the objectivity of a biologist, the resonant voice of an outdoorsman who has spent decades in bear society, and breathtaking photography. Troyer was a pioneer in the study of brown bears. Convinced that scientific research was the only antidote to widespread fear and misinformation about one of Alaska s largest predators, he gathered data with primitive equipment and endured hair-raising adventures. His career spanned dramatic changes in approaches to bear management that ranged from extermination to conservation, a history of human-bear interactions that he recounts with unusual insight and first-hand knowledge. Troyer offers a holistic description of bear biology and behavior, an account of bear-human interactions, and practical advice for viewing and photographing bears. Into Brown Bear Country offers an intimate, realistic view of the lives of Alaska s coastal bears. Entertaining and readable, it will be enjoyed by all readers of nature literature and is an essential starting point for anyone visiting bear country.
