

Colorectal Cancer (Paperback)

By Maurizio Ponz de Leon

Springer-Verlag Berlin and Heidelberg GmbH Co. KG, Germany, 2012. Paperback. Condition: New. Language: English . Brand New Book. Colorectal cancer is one of the most frequent human tumors. Despite tremendous advances in our knowledge about the pathogenesis of the disease, the prognosis remains poor for almost half of the individuals affected. This volume provides an updated and comprehensive description of the most relevant features of colorectal cancer - from molecular biology to prevention, from hereditary syndromes to new treatment modalities. It represents an invaluable source for clinicians who deal with colorectal neoplasms and for all those who wish to increase their knowledge of these malignancies. Softcover reprint of the original 1st ed. 2002.

Reviews

This composed ebook is wonderful. It really is written in basic words rather than hard to understand. You may like the way the writer composes this pdf.
-- **Ryder Nolan**

This book can be well worth a go through, and a lot better than other. It is written in simple words and phrases and not confusing. It has been printed in an exceptionally simple way in fact it is merely right after I finished reading through this pdf by which basically changed me, modified the way I think.
