Brand New Book ***** Print on Demand *****.Excerpt from The Atlantic Pacific Ship-Railway: Across the Isthmus of Tehuantepec in Mexico, Considered Commercially, Politically Constructively The purpose of the Author in the following pages is to present, in a concise yet comprehensive form, the commercial and political reasons for an interoceanic communication between the Atlantic and Pacific at the Isthmus of Tehuantepec in Mexico; also to bring together the more important facts that prove the practicability and the economy of a Ship-Railway. The previous discussions, while complete in detail, have been partial and fragmentary. The writer has had exceptional advantages in investigating this subject; he made examinations on the Isthmus and the surveys of its harbors in 1880, and has since that time conducted, through very efficient and experienced engineers, complete topographical surveys of the Isthmus, on which the plans, profiles and estimates are based.
