

Amazonian Geographies: Emerging Identities and Landscapes (Paperback)

Filesize: 8.52 MB

Reviews

This pdf is fantastic. It really is basic but shocks inside the 50 % in the pdf. I realized this pdf from my i and dad encouraged this pdf to discover.

(Hunter Witting)

AMAZONIAN GEOGRAPHIES: EMERGING IDENTITIES AND LANDSCAPES (PAPERBACK)

Taylor Francis Ltd, United Kingdom, 2014. Paperback. Condition: New. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. Amazonia exists in our imagination as well as on the ground. It is a mysterious and powerful construct in our psyches yet shares multiple (trans)national borders and diverse ecological and cultural landscapes. It is often presented as a seemingly homogeneous place: a lush tropical jungle teeming with exotic wildlife and plant diversity, as well as the various indigenous populations that inhabit the region. Yet, since Conquest, Amazonia has been linked to the global market and, after a long and varied history of colonization and development projects, Amazonia is peopled by many distinct cultural groups who remain largely invisible to the outside world despite their increasing integration into global markets and global politics. Millions of rubber tappers, neo-native groups, peasants, river dwellers, and urban residents continue to shape and re-shape the cultural landscape as they adapt their livelihood practices and political strategies in response to changing markets and shifting linkages with political and economic actors at local, regional, national, and international levels. This book explores the diversity of changing identities and cultural landscapes emerging in different corners of this rapidly changing region. This book was published as a special issue of the Journal of Cultural Geography.
