Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Democracy and the Party System in the United States: A Study in Extra-Constitutional Government The American Constitution has been for long a subject of admiration. Indeed, seldom has a people found amid the tempest which usually accom panies the establishment of liberty and independence leaders as sagacious and acute as were the founders of the Constitution of the United States. They knew history, they understood man, they fathomed the great political thinkers of the age, they gauged the noble as well as the petty passions which gave themselves free play during the period of the pain ful beginnings of the new nation. But they could not foresee the destiny of their country, they had no idea of the course along which it was to be carried by its economic evolution. Their work, there fore, has not altogether stood the test of time. The political and social evolution of the United States has rendered some parts of it obsolete. The Fathers did not anticipate the ?ood of Democracy rising above the gates erected, nor the all-pervading development of Party, nor the coming of conquering Plutocracy. I. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition.
