Brand New Book ***** Print on Demand *****.African American Literary Theory is an extraordinary gift to literary studies. It is necessary, authoritative and thorough. The timing of this book is superb! --Karla F.C. Holloway, Duke UniversityThe influence of African American literature can be attributed, in no small part, to the literary theorists gathered in this collection. This is a superb anthology that represents a diversity of voices and points of view, and a much needed historical retrospective of how African American literary theory has developed. --Marlon B. Ross, University of MichiganA volume of great conceptual significance and originality in its focus on the development of African American literary theory. --Farah Jasmine Griffin, University of PennsylvaniaAfrican American Literary Theory: A Reader is the first volume to document the central texts and arguments in African American literary theory from the 1920s through the present. As the volume progresses chronologically from the rise of a black aesthetic criticism, through the Blacks Arts Movement, feminism, structuralism and poststructuralism, and the rise of queer theory, it focuses on the key arguments, themes, and debates in each period.By constantly bringing attention to the larger political and cultural issues at stake in the interpretation of literary texts, the critics gathered here have contributed mightily to the prominence and popularity of African American literature in this country and abroad. African American Literary Theory provides a unique historical analysis of how these thinkers have shaped literary theory, and literature at large, and will be a indispensable text for the study of African American intellectual culture.Contributors include Sandra Adell, Michael Awkward, Houston A. Baker, Jr., Hazel V. Carby, Barbara Christian, W.E.B. DuBois, Ann duCille, Ralph Ellison, Henry Louis Gates, Jr., Addison Gayle Jr., Carolyn F. Gerald, Evelyn...
