

The Ethics of IVF (Paperback)

By Anthony Dyson

Bloomsbury Publishing PLC, United Kingdom, 1995. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Ethics: Our Choices is a series which introduces specific subjects of concern and controversy within Christian ethics to a wide variety of readers. Each subject is approached at a serious level, but technical language is avoided. The books should be useful in introductory seminary programmes, in programmes for congregational development, and also to individuals seeking information and guidance within their Christian life. On 25th July 1978, Louise Brown, the first test-tube baby was born. This event captured the public imagination and made the ethical issues surrounding artificial fertilization and embryology impossible to ignore. In this text, Tony Dyson examines the religious and moral implications for the individual and for society of this and other reproductive technologies.

Reviews

The most effective pdf i possibly read. It is amongst the most amazing publication i actually have go through. You are going to like the way the author publish this pdf.

-- Chelsea Durgan PhD

I actually started off looking over this pdf. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
