KNOWLEDGE BOMBS: YOU WON T FIND ANY F BOMBS HERE.EVER (PAPERBACK)**DOWNLOAD**

Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Before I ever began putting words to paper and then to my keyboard I asked myself these two questions Why am I writing this book and what do I hope the end result will be for my readers? The answers came to me a short time later and the answers I came up with are as follows: #1 I want everyone who reads this book to be able to smile, remember fond memories, change things that need changing, grow in their lives and have fun while doing so. #2 Most of all though I want my reader to consider writing his or her own book recounting the thoughts they had while reading Knowledge Bombs. Everyone has a book deep down inside of them and if you use this material as your catalyst there is no reason why you shouldn't be able to write your very own book. I can tell you from experience that there is nothing more rewarding than having your very first book published and read all over the world. Don't believe you can't do this. I am living proof that you can. I languished for years over whether or not I should write and finally decided that even if nobody ever read what I wrote it would be okay because I could at least say that I wrote my book. As it turned out thousands have bought and read my books all over the world and continue to do so to this day. So, if you are inspired by what I'm about to share with you please make notes as you read and then sit down and just begin writing. You'll be amazed...
