ASP.NET CORE APPLICATION DEVELOPMENT: BUILDING AN APPLICATION IN FOUR SPRINTS (PAPERBACK)

Microsoft Press,U.S., United States, 2016. Paperback. Condition: New. Language: English . Brand New Book. Master Core hands-on: from architecture through deployment and beyond This book guides you through the entire process of building, deploying, and managing cross-platform web apps with Core. You ll master Microsoft s revolutionary open source Core technology, and learn how to integrate the immense power of MVC, Docker, Azure Web Apps, Visual Studio, C#, JavaScript, and Entity Framework. Working alongside the fictitious development team at Alpine Ski House, you ll witness a four-sprint journey starting with a blank canvas. You ll see the team architect and design their software, adjust to user feedback, and move through builds, testing, deployment, maintenance, and refactoring. Throughout, you ll discover how to deliver state-of-the-art software faster and more repeatably than ever before. Three leading Microsoft MVPs show how to: * Build great cross-platform apps using Core and open source frameworks * Go beyond MVC to build a complete Core application * Create builds on Day One and quickly deploy viable products * Integrate Azure support to gain cloud scalability * Run or develop cross-platform solutions on Linux * Establish consistent development environments with Docker * Access data with Entity Framework Core 1.0 * Generate HTML views with the updated Razor view engine * Apply the new configuration system and structured logging * Use identity to enforce security and provide rights * Improve testability and maintainability with dependency injection * Use and manage JavaScript in Core environments * Choose and work with package managers to make life easier * Use SASS to write maintainable, attractive CSS * Make the most of tag helpers and other reusable components * Test web apps efficiently using and Jasmine * Design, organize, and refactor apps to smoothly accommodate change Get all code samples, including complete...
