WTF?: WHAT S THE FUTURE AND WHY IT S UP TO US (HARDBACK)

[DOWNLOAD](#)

HarperBusiness, 2017. Hardback. Condition: New. Language: English . Brand New Book. WTF? can be an expression of amazement or an expression of dismay. In today s economy, we have far too much dismay along with our amazement, and technology bears some of the blame. In this combination of memoir, business strategy guide, and call to action, Tim O Reilly, Silicon Valley s leading intellectual and the founder of O Reilly Media, explores the upside and the potential downsides of today s WTF? technologies. What is the future when an increasing number of jobs can be performed by intelligent machines instead of people, or done only by people in partnership with those machines? What happens to our consumer based societies--to workers and to the companies that depend on their purchasing power? Is income inequality and unemployment an inevitable consequence of technological advancement, or are there paths to a better future? What will happen to business when technology-enabled networks and marketplaces are better at deploying talent than traditional companies? How should companies organize themselves to take advantage of these new tools? What s the future of education when on-demand learning outperforms traditional institutions? How can individuals continue to adapt and retrain? Will the fundamental social safety nets of the developed world survive the transition, and if not, what will replace them? O Reilly is the man who can really can make a whole industry happen, according to Eric Schmidt, Executive Chairman of Alphabet (Google.) His genius over the past four decades has been to identify and to help shape our response to emerging technologies with world shaking potential--the World Wide Web, Open Source Software, Web 2.0, Open Government data, the Maker Movement, Big Data, and now AI. O Reilly shares the techniques he s used at O Reilly Media to make sense...
