Excerpt from The Visionary: Or Pictures From Nordland; With a Preface and Portrait of the Author Until a few years ago, Norway was an unknown country to most Englishmen. Occasionally a sports man went there to kill salmcn or to shoot reindeer, but the fjords, glaciers, mountains, and waterfalls were quite beyond the reach of any but the most venturesome travellers. Still less was it supposed that Norway possessed a modern school of poets and novelists. Wergeland, Welhaven, Munch, and Moe among the former, Bjornson, Ibsen, Kjelland, and Lie among the latter, were, as far as Englishmen were concerned, to fortune and to fame unknown. All this has been changed; sportsmen now complain that it becomes more difficult every year to hire rivers. Tourists swarm over the country from the Naze to the North Cape. Ibsen s dramas are played in London theatres, and his novels, and those of Bjornson and Lie, are read in Germany and in France, as well as in England and America.
