Fastbook Publishing Jan 2013, 2013. Taschenbuch. Condition: Neu. Neuware - Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Phones4U has built a reputation as a neutral supplier in the intensely competitive mobile phone industry, selling customers a wide range of handsets and contracts with anyone of Britain s mobile operators. By contrast, mobile phone stores run by EE, O2 and Vodafone only offer contracts on their own networks. Further reports have demonstrated that Phones 4u is going to function as a mobile virtual network operator. Besides, Phones 4u is making use of the EE's infrastructure in order to provide its services. EE is going to remain the exclusive purveyor of 4G but is set to make it available to LIFE Mobile later in 2013. Initially, the network will only offer 2G and 3G-based options. Once the Life Mobile network is open for business, customers will be able to sign up in all 150 store in stores in Currys and PC World outlets, as well as via Phones 4u 's own shops, website and by phone. 128 pp. Englisch.
