Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Brickmakers Manual In sending out a book to find readers it is important that it be one that is instructive, or highly entertaining. There are many reasons for this. The principal reason is that books are so plenty and have become so cheap, that there are many good books begging for readers. Every field seems to be fully occupied in the domain of literature. Let us glance over it and see: History is a fertile, and at this day, a very productive field. History is being enacted every day, and all about us. The times are fraught with great events, and we do not lack historians. Scientific workers and writers are busy, and their name is legion in every branch of art, in mechanics, in agriculture, the scientist has been there with the alembic, the crucible and retort, and where the scientist has not been in pursuit of knowledge no man knoweth. Some of them have even peered into the glowing arches of the brick kiln; and in the scientific journals we read of the evolution of heat from combustion and its close relation to electricity; units of heat, the fluxing of molen lar coatings, the vitrification of clays, etc., etc., which all goes to prove that progress has been made and greater results will follow. The poet has told his tale in verse, and we lack nothing in that line. And what a field of brambles and weeds is fiction! Look, now, at the field of Art and let us see what has been done for the brickmaker, as the making and burning of bricks is among the oldest of arts and in this particular branch of art there has been...
