The westward expansion connected to the different frontiers in North America brought along new opportunities, of which making a fortune and leading a better life can be mentioned. According to Frederick Jackson Turner s 'The Significance of the Frontier in American History', the frontier life many people sought furnished them with traits that dominate the American character today: 'That coarseness and strength combined with acuteness and inquisitiveness; that practical, inventive turn of mind, quick to find expedients; that masterful grasp of material things, lacking in the artistic but powerful to effect great ends; that restless, nervous energy; that dominant individualism, working for good...
