Mae Publishing, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Dysfunctional Community Hospital is a story about Abe Alexander, marketing executive who was hired to work in the hospital s marketing department and produce like the other employees, but became a news reporter, double agent, human security camera, advocate and an undercover boss. His inside story will reveal to the readers, service providers, customers and you about the dysfunctional employees who were privileged to work for a community medical hospital in Chicago, Illinois. The dysfunctional employees (who put the funk in dysfunctional) provoked him to tell his story and inform America on what was really happening behind the doors of a community hospital. Abe used to work at a psychiatric hospital in Chicago as a mental health therapist and would jokingly tell his co-workers that the employees were crazier than the patients because the patients knew their diagnosis, but the employees didn t know theirs. Dysfunctional Community Hospital will provide you with a new insight and revelation on the mind-set, culture, and actions of the dysfunctional employees who are paid to be the best that they can be and not the craziest that they can be. Are you ready to take a VIP tour and see a dysfunctional community hospital and their employees in action? Enter at your own risk!.
