M. McDonald, U. S. Fish Commissioner, about three million shad fry, sent in their special tank car. These were placed in Palmer river, at Shad Factory, it being, in the estimation of the Commissioners, the waters best suited to them, as there are no insurmountable dams or other serious obstructions to their return. The only expense to the State for this large installment of shad fry was the transportation from car to river. Trout The Commissioners have distributed personally and through others interested in the increase of fishes in our inland waters, nearly ten thousand (10,000) trout fry and yearling trout in the various public streams and ponds of our State. The past open season for trout fishing (from March 1 to August 15) has demonstrated to the entire satisfaction of your Commissioners that their efforts in this direction, as well as those of their predecessors, have not been useless, neither have the expenditures of the State s moneys been lost to it.
