Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

An expense is the cost of any use or service from which no definite permanent value is derived; the cost of anything that is used up in conducting a business. General expenses consist of all expense items which are not included in the sales, administrative, manufacturing or other special expense accounts, such as the cost of rent, fuel, light, taxes, insurance, and miscellaneous items of similar character. 311. A single account under the head of General Expense, or Expense, may be kept, or separate accounts may be kept in the ledger with any one or more of the items, if desired. Insurance expense account!340 is an example of a separate general expense account. If a single account is kept and it is desired to show the items separately in the profit and loss statement, they may be classified on an analysis sheet. 311a. A single account for all expense items, including selling, administrative, manufacturing, and all other special and general expenses, may be kept under the heading, Expense, if it is not convenient or desirable to keep separate accounts for the different classes of expense items. This is frequently advisable in small concerns. When the expense account is so kept, the items may be subdivided and classified to any extent desired, either monthly, quarterly, or annually, on analysis sheets (1(490), which permits of the various statements being prepared showing as much detail as if separate accounts were kept in the ledger for...
