DESTINY ORION: A STUDY IN PROPHETIC VERSE (PAPERBACK)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In communicating with the spirit world, shaman Ross Andrus learned that the human race will eventually leave our solar system and find a new home in the constellation Orion. This prophecy and others are revealed in his intriguing new collection of poetry, Destiny Orion. The four hundred poems in the book are all written in a concise but expressive format Andrus invented called chikara uta or power verse -similar to a haiku but with two additional lines of three syllables each. Andrus, who is a gifted seer with great powers of visualization, retrieved the truths about our past, present, and future contained in these verses from spirits on the other side. Chief among them was the spirit of Michel Nostradamus, who affirmed the author's visions and spoke to him about the enduring nature of these prophecies. These poems are intended for deep study, for only then can their full meaning be revealed. Together they offer a conduit to the universe and the essential facts of that which was, that which is, and that which has not yet happened. Listening to their whispers is an act of faith in God, and experiencing them as a whole will prove euphoric.
