Make all Natural Edible Slime, Play Dough, Silly Putty, Paper Crafts, Giant Bubble, Liquid Rainbow, Watercolor Paint so Much More! Growing up in a joint family with 17 siblings and cousins, we had to learn how to entertain ourselves without many resources. I was crafty from an early age; it is something I got from my mother. Now, as a responsible mother of three highly energized rascals myself, I knew I had to do something to keep the expenses down, and the idea to make these homemade thingamajigs for my kids will not only keep them off the gadgets, but it will also give them something to bond over-whether with me, or with each other. And even despite their varying ages and hobbies-my pretty loves are eight, six and a half, and four-these natural homemade toys will keep them happily playing together for hours on end. That s certainly a lot cheaper than buying toys and games for each child depending on their likes, dislikes, and age group! In this book, we ll talk about how to make your own slime, clay, silly putty, and plenty of other classic kids favorites using all-natural, environmentally safe ingredients to make sure that you and your kids health is covered. You ll learn plenty of tips and tricks on what to do and what NOT to do based on my own quirky experiences, as well as get some recommended activities that you and your children can do together without breaking the bank-because who says fun has to be expensive, right? Here Is What I Share In This Book: How To Make Edible SlimeHow To Make Kool Aid SlimeHow To Make...
