Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Social Collapse Survival Guide Social collapse can take on many forms. It can be a very small scale event, such as a protest or riot in a certain part of the city, or it can be slightly larger in scale, such as the Boston Marathon bombing. When social collapse reaches a certain level the wheels of reason fall off and things go from bad to worse in the blink of an eye; take a look at modern day Venezuela. When social collapse occurs, the first thing that becomes obvious is that the law enforcement personnel are not there to protect the interests of the citizens; they are there to protect the interests of the ruling class and business owners if possible. As things become uncontrollable during a situation, the police back out and retreat; they abandon their duties and responsibilities in an effort to protect themselves, which is exactly why you need to be prepared to take care of yourself. Readers will discover what it means to put together an emergency preparedness plan, from beginning to end. This book examines where to get started, and takes into account the need to practice with your gear. It also makes recommendations and suggestions for building bugout bags, EDC kits, emergency vehicle kits, and strategically placed survival stashes. Regardless if you re a seasoned prepper, or just getting started in the prepper movement, this book has some valuable information for everyone involved. Take your prepping to the next level by grabbing the right guide to get you there. Keep Confident Survive, Tristan Trubble.
